

China PLC Market Research Report 2013

Table of Content

1	Overview of the Research Project	6
1.1	Background and Significance	6
1.2	Scope of Research	7
1.2.1	Time Range	7
1.2.2	Definitions of Products	7
1.2.3	Notes to the Report	8
1.2.4	Definitions of Application Industries	8
1.2.5	Territorial Scope	10
1.3	Research Methods	10
1.3.1	Delphi Method	10
1.3.2	Focus Group Discussion	11
1.3.3	In-depth Interview	11
1.3.4	Questionnaire Survey	11
2	Overview of Domestic Market	13
2.1	Market Size and Growth	13
2.2	Market Share	14
2.2.1	Overall Situation	14
2.2.2	Market Shares in Different I/O Segments	15
2.2.2.1	Market Share of Large PLCs	15
2.2.2.2	Market Share of Medium PLCs	16
2.2.2.3	Market Share of Small PLCs	18
2.3	Market Segmentation	19
2.3.1	Size of Chinese PLC Market in 2012 — I/O Segmentation	19
2.3.2	Size of Chinese PLC Market in 2012 — User Type Segmentation	20
2.3.3	Size Segmentation of Chinese PLC Market in 2012 — Project-based Market	21
2.3.4	Size Segmentation of Chinese PLC Market in 2012 — OEM Market	22
2.3.5	Size Segmentation of Chinese PLC Market in 2012 — Region	23
2.4	Competition between Domestic and International Manufacturers	24
2.5	Channel Analysis	25
2.5.1	Channel Structure of PLC Market	25
2.5.2	Channel Structure of Large PLC Market	27
2.5.3	Channel Structure of Medium PLC Market	28
2.5.4	Channel Structure of Small PLC Market	29
3	User Behavior Analysis	31
3.1	Approaches for End Users to Get PLC Information	31
3.2	Changes in Users' Purchase of PLCs in 2012 and 2013	32
3.3	PLC Brands Purchased by Users in 2012	33
3.4	Main Purposes of Control and Communication Modes of PLC Use in 2012	34
3.5	Main Communication Modes of PLC Use in 2012	36
3.6	Main Application Fields of Added PLC	38
3.7	Proportion of Brands Designated by Users	39
3.8	Proportion of Users' Replacement of PLC Brands	39
3.9	Factors Valued and Services Required More by Users in PLC Purchase	40
4	Application Industry Analysis	42

4.1	PLC Application Analysis in Project-based Market	42
4.1.1	Automobile	42
4.1.1.1	Industry Overview	42
4.1.1.2	Market Outlook	43
4.1.1.3	Application Situation	44
4.1.2	Metallurgy Industry	46
4.1.2.1	Industry Overview	46
4.1.2.2	Market Outlook	47
4.1.2.3	Application Situation	47
4.1.3	Municipal Engineering Industry	48
4.1.3.1	Industry Overview	48
4.1.3.2	Market Outlook	48
4.1.3.3	Application Situation	49
4.1.4	Chemical Industry	51
4.1.4.1	Industry Overview	51
4.1.4.2	Market Outlook	51
4.1.4.3	Application Situation	52
4.1.5	Electric Power	53
4.1.5.1	Industry Overview	53
4.1.5.2	Market Outlook	54
4.1.5.3	Application Situation	54
4.1.6	Petrochemical	56
4.1.6.1	Industry Overview	56
4.1.6.2	Market Outlook	57
4.1.6.3	Application Situation	57
4.1.7	Building Materials Industry	59
4.1.7.1	Industry Overview	59
4.1.7.2	Market Outlook	60
4.1.7.3	Application Situation	61
4.1.8	Mining Industry	62
4.1.8.1	Industry Overview	62
4.1.8.2	Market Outlook	62
4.1.8.3	Application Situation	63
4.2	Analysis of PLC Application in OEM Market	64
4.2.1	Textile Machinery	64
4.2.1.1	Industry Overview	64
4.2.1.2	Market Outlook	65
4.2.1.3	Application Situation	66
4.2.2	Machine Tool	69
4.2.2.1	Industry Overview	69
4.2.2.2	Market Outlook	69
4.2.2.3	Application Situation	70
4.2.3	Packaging Machinery	72
4.2.3.1	Industry Overview	72
4.2.3.2	Market Outlook	73
4.2.3.3	Application Situation	73
4.2.4	Hoisting Equipment	75
4.2.4.1	Industry Overview	75
4.2.4.2	Application Situation	75
4.2.4.3	Market Outlook	76
4.2.5	Food Machinery	77
4.2.5.1	Industry Overview	77
4.2.5.2	Application Situation	78

4.2.5.3	Market Outlook	78
4.2.6	HVAC	79
4.2.6.1	Industry Overview	79
4.2.6.2	Application Situation	80
4.2.6.3	Market Outlook	81
4.2.7	Electronics Manufacturing Equipment	82
4.2.7.1	Industry Overview	82
4.2.7.2	Application Situation	82
4.2.7.3	Market Outlook	83
4.2.8	Rubber Machinery	85
4.2.8.1	Industry Overview	85
4.2.8.2	Application Situation	86
4.2.8.3	Market Outlook	87
4.2.9	Wind Power	88
4.2.9.1	Industry Conditions	88
4.2.9.2	Application Situation	88
4.2.9.3	Market Outlook	89
5	Introduction to International Manufacturers	91
5.1	Siemens	91
5.1.1	Basic Information	91
5.1.2	Major Products	92
5.1.3	Marketing Activities	92
5.1.4	Strategic Analysis	93
5.2	Omron	94
5.2.1	Basic Information	94
5.2.2	Major Products	95
5.2.3	Marketing Activities	95
5.2.4	Strategic Analysis	96
5.3	Mitsubishi	96
5.3.1	Basic Information	96
5.3.2	Major Products	97
5.3.3	Marketing Activities	98
5.3.4	Strategic Analysis	98
5.4	Rockwell	98
5.4.1	Basic Information	98
5.4.2	Major Products	99
5.4.3	Marketing Activities	99
5.4.4	Strategic Analysis	100
5.5	Schneider	101
5.5.1	Basic Information	101
5.5.2	Major Products	101
5.5.3	Market Analysis	102
5.5.4	Strategic Analysis	103
5.6	Delta	104
5.6.1	Basic Information	104
5.6.2	Major Products	105
5.6.3	Marketing Activities	106
5.6.4	Strategic Analysis	107
5.7	GE Intelligent Platforms	107
5.7.1	Basic Information	107
5.7.2	Major Products	108
5.7.3	Strategic Analysis	108

5.8	LS	109
5.8.1	Basic Information	109
5.8.2	Major Products	110
5.8.3	Marketing Activities	110
5.8.4	Strategic Analysis	110
5.9	Koyo	111
5.9.1	Basic Information	111
5.9.2	Major Products	111
5.9.3	Marketing Activities	112
5.9.4	Strategic Analysis	112
5.10	Other International Manufacturers	112
5.10.1	Emerson	112
5.10.2	Panasonic	114
5.10.3	ABB	115
5.10.4	Fuji	117
6	Introduction to Domestic PLC Manufacturers	119
6.1	Hollysys	119
6.2	XINJE	122
6.3	CO-TRUST	123
6.4	Megmeet	125
6.5	SOFTLINK	127
6.6	FATEK	129
6.7	Huangshi Kewei	130
6.8	VIGOR	132
6.9	UniMAT Automation	133
6.10	HCFA	135
6.11	Xiamen Haiwell	136
6.12	Kinco Electric	138
6.13	Nanda Automation	140
6.14	Mirle	141
6.15	Nanjing JIA HUA	143
6.16	ZHENGHANG	144
7	PLC Market Expectation and Development Trend	146
7.1	Market Growth Prediction	146
7.1.1	Judgment of Short-term (2013) Growth	146
7.1.2	Judgment of Long-term (2013-2017) Growth	147
7.2	Pattern of Regional PLC Market	147
7.3	Pattern of PLC Industry Application Market	148
7.4	Brand Pattern in PLC Market	148
7.5	Product Line Pattern in PLC Market	148
7.6	Development Trend of PLC Technology	149
7.7	Opportunities for Domestic Manufacturers	153
